SUBJECT INDEX

5-lipoxygenase inhibitor BWA4C in the ewe, Suppression of ovarian oxytocin secretion after intra-luteal administration of the arachidonate, 263

Actinobacillus pleuropneumoniae infected pigs, Penetration of amoxycillin to the respiratory tract tissues and secretions in, 245
Activity of *N*-acetylglucosamine-1-phosphate transferase in sheep liver microsomes: in vivo and in vitro inhibition by tunicamycin, 31
Amoxycillin into the respiratory tract tissues and secretions in pigs, Penetration of, 245
Amoxycillin to the respiratory tract tissues and secretions in Actinobacillus *pleuropneumoniae* infected pigs, Penetration of, 245
Anaesthesia in horses and ponies, Effect of surgery in endocrine and metabolic responses to, 133
Argyrophilic nuclear organiser regions (AgNORs) count as indicator of post-surgical prognosis in feline mammary carcinomas, 97
Assessment of the immune response to duck plague vaccinations, 199
Atracurium and mivacurium in sheep, A comparison of the neuromuscular and cardiovascular effects of vecuronium, 233

Baypamun on post weaning diarrhoea syndrome and wasting pig syndrome of piglets, Effect of an inactivated Parapoxvirus based immunomodulator, 187
Bisphosphonates: a potential role in the prevention of osteoporosis in laying hens, 37
Bovine respiratory syncytial virus, Cytokine expression in pulmonary and peripheral blood mononuclear cells from calves infected with, 163
Brucella melitensis in pregnant goats, Evaluation of a rough mutant of, 254

Catalonian donkey breed: normal values and the influence of sex, age and management practices effect, Clinical biochemical parameters of the endangered, 7
Characterisation of duck thrombocytes, 267
Chicken anaemia virus DNA from formalin-fixed tissues by polymerase chain reaction, Detection of, 205
Chinchilla laniger spermatozoa cryopreserved in different extenders, Functional activity of epididymal, 239
Chronopharmacokinetic behaviour of cyproterone acetate in rabbits, 173
Clinical biochemical parameters of the endangered Catalonian donkey breed: normal values and the influence of sex, age and management practices effect, 7
Close relationship between equine and human molluscum contagiosum virus demonstrated by in situ hybridisation, 157
Comparative field evaluation of divided-dosing and reduced feed intake upon treatment efficacy against resistant isolates of *Teladorsagia circumcincta* in sheep and goats, 101
Comparison of edrophonium and neostigmine for the reversal of mivacurium-induced neuromuscular blockade in sheep, 265
Comparison of the neuromuscular and cardiovascular effects of vecuronium, atracurium and mivacurium in sheep, A, 233
Cortisol response to dehorning in calves, Effects of regional anaesthesia and/or a non-steroidal ant-inflammatory analgesic on the acute cortisol, 147
Cyproterone acetate in rabbits, Chronopharmacokinetic behaviour of, 173
Cytokine expression in pulmonary and peripheral blood mononuclear cells from calves infected with bovine respiratory syncytial virus, 163

Detection of chicken anaemia virus DNA from formalin-fixed tissues by polymerase chain reaction, 205
Development of an immunomagnetic antigen capture system for detecting leptospires in bovine urine, 119
Dietary zinc oxide in weaned pigs – effects on performance, tissue concentrations, morphology, neutrophil functions and faecal microflora, 225
Distribution of scrapie-associated fibrils in neural and non-neural tissues of advanced clinical cases of natural scrapie, 141
Dobutamine on isovolumic and ejection phase indices of cardiac contractility in healthy dogs, Effects of, 45
Donkey breed: normal values and the influence of sex, age and management practices effect, Clinical biochemical parameters of the endangered Catalonian, 7
Duck plague vaccinations, Assessment of the immune response to, 199
Duck thrombocytes, Characterisation of, 267

Edrophonium and neostigmine for the reversal of mivacurium-induced neuromuscular blockade in sheep, Comparison of, 265
Effect of a novel recombinant bovine interferon and trophoblast secretory products on protein metabolism by endometrial explants from cattle and sheep, 79
Effect of administration of a novel recombinant bovine interferon on length of oestrous cycle in cattle, 73
Effect of an inactivated Parapoxvirus based immunomodulator (Baypamun) on post weaning diarrhoea syndrome and wasting pig syndrome of piglets, 187
Effect of surgery on endocrine and metabolic responses to anaesthesia in horses and ponies, 133
Effects of dobutamine on isovolumic and ejection phase indices of cardiac contractility in healthy dogs, 45
Effects of regional anaesthesia and/or a non-steroidal ant-inflammatory analgesic on the acute cortisol response to dehorning in calves, 147
Effects of transport and indomethacin on telemetered body temperature and release of cortisol and prolactin in pre-pubertal pigs, 51
Effects of weight gain and loss on metabolic rate, glucose tolerance and serum lipids in domestic cats, 11
Evaluation of a rough mutant of *Brucella melitensis* in pregnant goats, 254
Evaluation of free and liposome-encapsulated gentamycin for intramuscular sustained released in rabbits, 213
Experimental and natural infection of early weaned pigs with *Salmonella cholerae suis*, 261

Fenleuton, a 5-lipoxygenase inhibitor, in ponies, Pharmacokinetics and pharmacodynamics of, 111
Functional activity of epididymal *Chinchilla laniger* spermatozoa cryopreserved in different extenders, 239
Furosemide in the camel *(Camelus dromedarius)*, Plasma pharmacokinetics of intravenous and intramuscular, 69

Generation and functional characterisation of canine bone marrow-derived macrophages, 125
Gentamycin for intramuscular sustained released in rabbits, Evaluation of free and liposome-encapsulated, 213
Guar gum and inulin on nutrient digestibility, water consumption and plasma metabolites in healthy Beagle dogs, The influence of sugar-beet fibre, 91

Haematocrit-selected parents and their progeny, with regard to haemocrit, mortality from ascites and bodyweight, Relationship between broiler chicken, 105
Homologous plasma-stored tendon grafting in equids – gross and histomorphological observations, 85

Imunohistochemistry, Variations in effectiveness of antigen retrieval pretreatments for diagnostic, 57
Indomethacin on telemetered body temperature and release of cortisol and prolactin in pre-pubertal pigs, Effects of, 51
Influence of maternal immunity on the development of the in vitro lymphocyte proliferation response against peudorabies virus in pigs, The, 167
Influence of sugar-beet fibre, guar gum and inulin on nutrient digestibility, water consumption and plasma metabolites in healthy Beagle dogs, The, 91
Inhaled leukotrienes cause bronchoconstriction and neutrophil accumulation in horses, 219
Interferon and trophoblast secretory products on protein metabolism by endometrial explants from cattle and sheep, Effect of a novel recombinant bovine, 79
Interferon on length of oestrous cycle in cattle, Effect of administration of a novel recombinant bovine, 73
Inulin clearance - a simple method for measuring glomerular filtration in dogs, Single injection, 151
Inulin on nutrient digestibility, water consumption and plasma metabolites in healthy Beagle dogs, The influence of sugar-beet fibre, guar gum and, 91
Iodine deficiency in cattle: compensatory changes in thyroidal selenoenzymes, 209
Isolation and purification of a dual specific mast cell-derived protease from parasitised caprine jejunal tissue, The, 17

Leishmaniasis in Beagle dogs, Study of haemostatic disorders in experimentally induced, 195
Leptospires in bovine urine, Development of an immunomagnetic antigen capture system for detecting, 119
Leukotrienes cause bronchoconstriction and neutrophil accumulation in horses, inhaled, 219
Liver in cats during obesity induction and dietary restriction, Quantitative ultrasonography of the, 1

Macrophages, Generation and functional characterisation of canine bone marrow-derived, 125
Mast cell-derived protease from parastised caprine jejunal tissue, The isolation and purification of a dual specific, 17
Medullary bone and humeral breaking strength in laying hens, 63
Mineral metabolism in geriatric dogs, 191
Mivacurium in sheep, A comparison of the neuromuscular and cardiovascular effects of vecuronium, atracurium, 233
Molluscum contagiosum virus demonstrated by in situ hybridisation, Close relationship between equine and human, 157

N-acetylglucosamine-1-phosphate transferase in sheep liver microsomes: in vivo and in vitro inhibition by tunicamycin, Activity of, 31
Neostigmine for the reversal of mivacurium-induced neuromuscular blockade in sheep, Comparison of edrophonium and, 265

Obesity induction and dietary restriction, Quantitative ultrasonography of the liver in cats during, 1
Oestrous cycle in cattle, Effect of administration of a novel recombinant bovine interferon on length of, 73
Osteoporosis in laying hens, Bisphosphonates: a potential role in the prevention of, 37

Parapoxvirus based immunomodulator (Baypamun) on post weaning diarrhoea syndrome and wasting pig syndrome of piglets, Effect of an inactivated, 187
Penetration of amoxycillin into the respiratory tract tissues and secretions in pigs, 245
Penetration of amoxycillin to the respiratory tract tissues and secretions in *Actinobacillus pleuropneumoniae* infected pigs, 251
Pharmacokinetics and pharmacodynamics of fenleuton, a 5-lipoxygenase inhibitor, in ponies, 111
Pheno- and genotyping of *Rhodococcus equi* isolated from faeces of healthy horses and cattle, 181
Plasma pharmacokinetics of intravenous and intramuscular furosemide in the camel *(Camelus dromedarius)*, 69
Prostaglandin E_2 (PGE_2) and expression of EP3 receptor mRNA, Sensitivity of the early luteal phase ovine cervix to, 177
Pseudorabies virus in pigs, The influence of maternal immunity on the development on the development of the in vitro lymphocyte proliferation response against, 167

Quantitative ultrasonography of the liver in cats during obesity induction and dietary restriction, 1

Recombinant porcine follicle stimulating hormone produced in baculovirus-insect cells induces rat ovulation in vivo and gene expression of tissue plasminogen activator in vitro, 25
Relationship between broiler chicken haematocrit-selected parents and their progeny, with regard to haemocrit, mortality from ascites and bodyweight, 105

Salmonella choleraesis, Experimental and natural infection of early weaned pigs with, 261
Scrapie associated fibril detection from formaldehyde fixed brain tissue in natural cases of ovine scrapie, 41
Scrapie-associated fibrils in neural and non-neural tissues of advanced clinical cases of natural scrapie, Distribution of, 141
Selenoenzymes, Iodine deficiency in cattle: compensatory changes in thyroidal, 209
Sensitivity of the early luteal phase ovine cervix to prostaglandin E_2 (PGE_2) and expression of EP3 receptor mRNA, 177
Single-injection inulin clearance - a simple method for measuring glomerular filtration in dogs, 151
Study of haemostatic disorders in experimentally induced leishmaniasis in Beagle dogs, 195
Sugar-beet fibre, guar gum and inulin on nutrient digestibility, water consumption and plasma metabolites in healthy Beagle dogs, The influence of, 91
Suppression of ovarian oxytocin secretion after intra-luteal administration of the arachidonate 5-lipoxygenase inhibitor BWA4C in the ewe, 263

Teladorsagia circumcincta in sheep and goats, Comparative field evaluation of divided-dosing and reduced feed intake upon treatment efficacy against resistant isolates of, 101
Tendon grafting in equids - gross and histomorphological observations, Homologous plasma stored, 85
Tissue plasminogen activator in vitro, Recombinant porcine follicle stimulating hormone produced in baculovirus-insect cells induces rat ovulation in vivo and gene expression of, 25
Tunicamycin, Activity of *N*-acetylglucosamine-1-phosphate transferase in sheep liver microsomes: in vivo and in vitro inhibition by, 31

Variations in effectiveness of antigen retrieval pretreatments for diagnostic immunohistochemistry, 57
Vecuronium, atracurium and mivacurium in sheep, A comparison of the neuromuscular and cardiovascular effects of, 233

Weight gain and loss on metabolic rate, glucose tolerance and serum lipids in domestic cats, Effects of, 11

Zinc oxide in weaned pigs – effects on performance, tissue concentrations, morphology, neutrophil functions and faecal microflora, Dietary, 225
